DETAILED ACTION

Per Applicant's Request for Continued Examination

Claims 1-29 have been cancelled.

Claims 30-38 have been newly added.

Claims 30-38 are pending.

Continued Examination Under 37 CFR 1.114

I. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/27/2007 has been entered.

Election/Restriction by Original Presentation

II. Newly submitted Claims 30-38 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: **New Claims 30-38** are drawn to a method for providing a pseudo-live audio performance comprising determining whether an audio device has physically moved from a home area with a home area radio station coverage to a local area having a local radio station coverage, including accessing a user's profile to determine user preferences in order to find a local radio station matching the user's preferences; while **Original Claims 1-29** are drawn to a method for receiving performance information over a network for generating a pseudo-live performance comprising detecting and determining that

Art Unit: 2141

stored performance information is out-of-date, including querying and accessing a time-stamp for the stored performance information.

Since Applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 30-38 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

III. The reply filed on 6/27/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): No claims to examine and the remarks are directed to the newly added claims that have been withdrawn from consideration by Restriction/Election by Original Presentation. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
